

# Be part of your local forum

We agree to meet  
regularly

Where our shared  
experiences move from  
words to actions

Forum meetings will  
be held every month  
in my locality.

This is the place for  
me to contribute my  
opinion of the mental  
health services in my  
area

My local forum is a  
space to voice my  
experiences and  
views to improve  
outcomes for all.
